Company Profile

2026

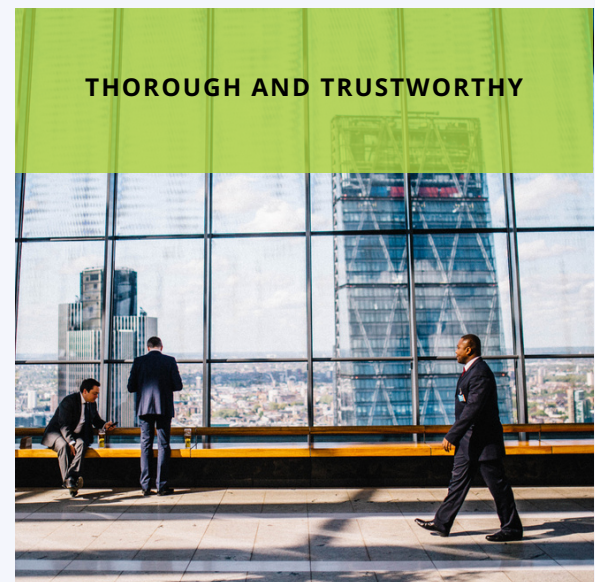

PT SILA connects Indonesia's finest coconut resources to the global market. With a focus on quality, reliability, and sustainable sourcing, we supply coconut products that meet international standards and support long-term business partnerships worldwide.

EXPERIENCE AND PROFESSIONALISM

THOROUGH AND TRUSTWORTHY

About Us

PT SILA is an Indonesian trading and export company specializing in coconut and coconut-derived products. We connect Indonesia's rich agricultural resources with global markets through reliable sourcing, strict quality control, and professional export management.

Indonesia is one of the world's largest coconut producers, and through our strong network of farmers, processors, and packing facilities, we ensure consistent supply, competitive pricing, and international export standards.

VISION

Our mission is simple:

To deliver high-quality coconut products with integrity, reliability, and long-term partnership value.

MISSION

To become a globally recognized coconut export partner known for quality consistency, ethical sourcing, and professional trade services

OUR PRODUCTS

01

SEMI HUSKED COCONUT

Carefully selected mature coconuts, partially de-husked and trimmed for export efficiency and extended shelf life.

02

COPRA

High-quality dried coconut meat processed under controlled conditions, ideal for coconut oil production.

03

DESICCATED COCONUT

Premium-grade dried grated coconut, processed hygienically and compliant with food industry standards.

04

VCO

Cold-pressed Virgin Coconut Oil extracted without chemical processing to preserve its natural nutrients.

05

COCOFIBER

Natural coconut fiber extracted from husk, compressed in bales for efficient shipment.

06

COCOPIET

Eco-friendly growing medium made from coconut husk dust.

WHY CHOOSE PT SILA?

- ✓ Strong sourcing network across Indonesia
- ✓ Strict quality inspection before shipment
- ✓ Competitive pricing with stable supply
- ✓ Complete export documentation support
- ✓ Professional communication & fast response
